Pill Pack Prescription

What is PillPack?
PillPack is an American online pharmacy that sorts your medication by date and time, along with your other pharmacy items. PillPack delivers your medication monthly with free shipping while working with your doctors and insurance.

Instructions

1. First type the PillPack website (https://www.pillpack.com/) in your search bar. Then, you need to create an account in order to set up a prescription. To create an account, click “Get Started.” If you have an existing account, click “Sign In.”
2. Complete the section by filling in the needed information

- Click “Invite a Caregiver” if you are signing up for a loved one in order to gain access to the PillPack account.
- Type in your email, and a link to create a caregiver account will be sent to your email.
3. Enter your shipping information according to where you want your prescription to be delivered.
4. Fill in the following information, and provide information about your allergies and health conditions if you have any.

5. Enter your doctor’s last name and phone number to complete this section.
6. Look up your insurance, add your insurance card yourself, or continue without insurance.

7. Enter information about any vitamins or pharmacy items that you want in your prescription along with your medication.

8. Choose a dispenser for your prescription to come in. Choose either premium or disposable. Two color options are also provided.
9. Enter your payment method, and billing address if necessary.
   - Add a health savings account or flexible spending account if you choose to.
   - Add a coupon code if you choose to.

Click “Finish Signing Up” once you have completed filling in all the requested information.
