PCs for People

PCs for People offers quality refurbished desktops, laptops, internet service and accessories to individuals and non-profits. To qualify, individuals must be currently enrolled in an income-based government assistance program or who are below the 200% poverty level. This tutorial will introduce you to their Hotpot options for internet service.

Instructions

- Check your eligibility and what documentation is required at this link.
- To check out available options for hotspots go to www.pcsrefurbished.com
- Click on “Internet” to see the available options.

 PCs for People has distributed over 150,000 computers since 1998. Through this site, we are proud to offer quality refurbished desktops, laptops, internet and accessories to thousands of individuals and non-profits.
Here you will see all the available options for internet service. Select the options you would like to see more details for. For this example I will choose the $60 hotspot.

You will see the cost of the hotspot device which must be purchased upfront. You must prepay for at least one month of service. If you wish, you can choose to prepay up to one year of service. Select how many months of service you would like to prepay and you’ll see your total cost for the hotspot device and months of service you selected.
- You’ll need to look at the Terms of Service and Agree to them.
- You should also check the coverage map here.
- When you’re done, check both boxes and click on “Add to Cart”

$76.00
