Hotspots from Verizon

Verizon offers data plans for hotspots. If you have an old hotspot from TGH, you may be able to use it! If not, you’ll need to buy one. If you have a smartphone with data through Verizon, the unlimited data plans are $20 or $30. However, **if you are not a current Verizon customer, their data plans are $75 or $85 per month.** Often the price that is advertised is much lower than the price you will really need to pay for the service. Make sure to always ask what the costs are before making a purchase. It may be easiest to go into a store, ask about options and open an account. This tutorial will show you how to purchase a plan online.

- To purchase a plan online, visit [www.verizon.com/plans](https://www.verizon.com/plans) to get started
- Scroll down the page until you see the section called “Now get Unlimited for your other devices too.”

- Click onto “Hotspots and Jetpacks”
● Now that you’re on the section for “Hotspots and Jetpacks” click on “Shop”.

● On the next page you’ll see the current hotspot device options.

● You can click on “Chat” or “Call” anytime if you would like a customer service representative to assist you.

● The last option on the page is “Bring your own device”. To use this option you’ll need to be able to find your device’s IMEI number or take it to the store.

● For now let’s look at the first hotspot option on this page.
Notice the price of the hotspot devices! Below the name of the hotspot.

For this hotspot the total cost is $199.99.

You also have the option of breaking up the total price into monthly payments of $8.33 per month.

To move forward, select the hotspot you want to purchase by clicking on its picture. For this example I will select the first option.
- On this page select if you’d like to pay for the hotspot device in monthly installments or if you’d like to pay in full
- For this example we’re selecting monthly installments.

- Then press “Continue” to go to the next page.

- On the next page you’ll be asked if you’d like accessories. Please note that you do not need these as your hotspot will come with a regular wall charger.
- Press “Next” to continue.
On the next page you’ll be asked if you’d like to get device protection in case your hotspot is damaged, lost or stolen.

Notice the monthly price for the protection.

For this example I am going to decline the protection and move forward.

On the next page you’ll be asked again if you’d like to get device protection.

Click on “Decline device protection”.

Are you sure you want to decline device protection?

The next page has a list of questions you should ask the customer service representative on the phone, in the chat or in person at the store.
Things to know and questions to ask when you sign up for service.

- **Often the price that is advertised is much lower than the price you will really need to pay for the service. Make sure to always ask what the costs are before making a purchase.**
  - What do I need to pay today and what will my monthly bill be?
  - What is the cost or charge for the following:
    - The cost of the data service plan
    - The “device access charge” which connects the device to the service plan
    - The cost of the device (hotspot and/or phone)
    - Activation fee
    - Taxes and fees
  - Are there any other costs I should know about?

- **Ask about discounts.**
  - How can I get a free hotspot?
  - What discounts am I getting?
  - What do I need to do to qualify for the discount?
  - When will the discount be deactivated or expired?
  - Is this discount tied to a contract?

- **Ask about the commitment you are making.**
  - Is this a contract or a month by month plan?
  - How long is this contract?
  - Can I cancel any time or am I committing to a contract?
  - How much is the termination or cancelation fee if I wish to end my contract early?

You can call Verizon at 800-711-3400 and ask these questions over the phone to a customer service agent. They may be able to make an order for you and ship your device to you. Otherwise you can go to a store in person, ask questions and get your device on the same day.
